

LEAFSHINE SPRAY 750 ML

Product code: L110300

For ornamental plants

FORMULATION Aerosol

Characteristics

the product guarantees three sure results thanks to its particular formulation: shine, cleanness and protection of the leaves of ornamental plants. After each use leaves will get a natural green colour, will be clean and protected from dust a long time.

Instructions

spray shortly and repeatedly aiming the jet to the upper blade of the leaves from a distance of 30 cm.
